

WELCOME TO THE MISSION HILLS CROQUET CLUB

The Mission Hills Croquet Club (“The Croquet Club”) operates as a Club within a Club at Mission Hills Country Club (“MHCC”). The Croquet Club is responsible for obtaining and maintaining croquet lawn and playing equipment and supplies and scheduling and managing croquet events and instruction at the Mission Hills croquet facility. Our croquet season runs from about November 1 (after the lawns have been overseeded) to the middle of April. Numerous activities take place during our season:

- Club tournaments for members of The Croquet Club
- Complimentary clinics for potential new members
- Seminars for experienced players of all skill levels
- Regional, national and international tournaments and test matches
- Social events that combine croquet playing with food & beverage gatherings

The Croquet Club currently has almost 100 enthusiastic members of all skill levels who play all three of the most popular croquet games - Golf croquet, Association Laws (International Rules) and American Rules. Several of our members are certified referees as well as being winners of National and International competitions.

GUEST PLAY

We welcome guest play at Mission Hills and ask that you simply help us by complying with a few simple guidelines.

- Each guest must report to the Sports Club Tennis Shop to complete check in prior to play
- Guests must be registered in Court Reserve (Invited App) by the member who invites them
- Each guest is required to pay the \$10 guest fee for their 6 allowable visits

If you are unsure of how to use Court Reserve, please visit the tennis desk for assistance. Racquet guests can also check in at the front desk of the Sport Center if playtime is outside tennis shop operating hours. We appreciate your cooperation in complying with this policy. To minimize gameplay interruption, please ensure you adhere to the stated guidelines before guests enter into activities.

- Four croquet lawns are generally in service; we ask that you use Lawn#4 - the one nearest the clay tennis courts just south of the sunken tennis court.
- Please wear flat soled shoes to avoid damaging the croquet lawns; naturally we ask that you avoid any other activity that might damage the lawns.
- Please wear white while playing on the lawns

Have a lot of fun playing croquet. If you ever have the opportunity, feel free to come out and join us to learn more about the game and the Mission Hills facilities.
